

**Marin County IPM Program
Application for Limited Use and Notification Exemption**

Person Requesting: Jon Wright Date: 9/20/11

Department: Department of Public Works Phone: 415-499-6576

Proposed Material: Maxforce Roach Bait Gel EPA Reg. No. 432-1254

Active Ingredient: Hydramethylnon: 2.15% Amount of Material Needed: Less than 2 oz.

Location of Proposed Use: Marin County Juvenile Hall and Kitchen area. Placed in secure inaccessible bait stations.

Reason why Restricted:* Material not on current Marin County use list- Active ingredient on Prop 65 list.

Reason for Need: Roaches have started to penetrate into Administration areas, living quarters, and kitchen spaces. Trapping and OMRI bates have been used. Roaches have returned.

Options/Alternatives: General IPM practices to reduce roach populations (i.e. prevention of trash build-up, cleaning, and continued use of sticky traps and OMRI bait stations).

Plan to Preclude Future Use: Sealing points of access to prevent entry into the internal areas of the buildings (use of weather-stripping, caulking, etc.).

Time Period Needed: Desired application on 9/24/11 Friday after 5:30pm to reduce employee/user contact with material.

Request Approved, Request Denied

Ed Hulme, IPM Coordinator

Date 9/20

*Materials restricted by Marin County IPM Ordinance (Marin County Code Chapter 23.19) are Category I/II materials, materials listed as per Proposition 65, or any material classified by USEPA as a human carcinogen, probable or possible human carcinogen, reproductive toxin or developmental toxin. The complete list of Proposition 65 chemicals is available at:
